Career Objective

Motivated Computer Science student seeking an opportunity to apply programming and analytical skills in real-world projects. Passionate about developing efficient software solutions and learning new technologies.

Education

B.Tech- Computer Science Engineering

RVS College of Engineering & Technology, Jamshedpur (Pursuing)

Class XII– JAC (2023) 80%

Class X– JAC (2021) 70%

Projects

➤ **Parking Management System**

- Developed a system for efficient vehicle parking management.
- Implemented entry/exit tracking and slot allocation.
- Used data structures for record storage and retrieval.
- Reduced manual errors and improved space utilization.
- Technologies: Java / Python / C++

Technical Skills

- Programming Languages: Java, Python, C++
- Database: MySQL (Basic)
- Tools: VS Code, Git
- Concepts: Data Structures, OOP, Algorithms
- Internship: Summer Internship in Java
- Learned exception handling and file handling in Java.
- Strengthened core Java and OOP concepts
